

## **BLOW GENTLE BREEZES**

Written by Riley Diffie and Dawn Anita Plumlee, recorded by Dawn Anita, Joe Diffie and Monica Diffie Stiles

Oh, my darling I am lonely  
Sailing over water blue  
Stormy is the tide that's turning  
My ship home again to you

Blow gentle breezes softly over water  
Fill all my sails with the perfume of love  
Take a message to my lover  
While fast away my heart beats like the wings of a dove

Oh, my darling I've been searching  
Laden down my ship with gold  
Now oh lover, I am yearning  
Once again your arms to hold

Blow gentle breezes softly over water  
Fill all my sails with the perfume of love  
Take a message to my lover  
While fast away my heart beats like the wings of a dove

In this world of earthly treasures  
Piling riches score on score  
You will find that in the ending  
Love will bring you riches more

Blow gentle breezes softly over water  
Fill all my sails with the perfume of love  
Take a message to my lover  
While fast away my heart beats like the wings of a dove
