## DO YOU REMEMBER

KEY OF F – Modulate 2<sup>nd</sup> Verse to G – Modulate 3<sup>rd</sup> Verse to A

Intro Do you remember, will you recall, let's go back together now and re-live it all

V-1 Do you remember ole Mullins, itsy, bitsy puppy dog  
And the night she finally came home when we thought she was lost  
Goin' to the movies every Friday night  
And tellin' ghost stories when we turned out the lights  
Mama would sing to us and tuck us into bed  
And Daddy would remember all the things we said

Chorus A snake, a snake, a snake is crawling under my bike  
Daddy, help me, cause I'm afraid he'll bite  
Teacher, teacher tell me, are the pencil's all the same  
Does everybody's pencil have my name  
Do you remember, will you recall, lets go back together now and re-live it all

V-2 Do you remember Mama making those fried pies  
And how we'd all make music every Saturday night  
Pickin' blackberries and swimming in the creek  
And I was always when we'd play hide and seek  
Washin' the dishes after supper everyday  
And Daddy would remember all the thing's we'd say

Chorus Mommy, Mommy, Mommy, there's too much a kids in here  
Make them move over or go sit back there  
Daddy, Daddy, Daddy, I sold your watch today  
A big boy just gave me two dollars in pay  
Do you remember, will you recall, let's go back together now and re-live it all

V-3 Do you remember basketball and the games we played  
And the fun we all had in our high school days  
Leaving home, marrying and when the babies came  
Sometimes when I think back it seems like yesterday  
But our journey's not over, we've got lots of memories to make  
And you can bet Dad will remember all the things we say

Chorus Mother, I must have a new dress for the prom  
So just sell a calf today so I can have one  
Uncle Sam come over here and like'n on me  
Do you remember those happy memories
